

Refuge of Divine Love

A place consecrated to the Mother of creation

Invitation

Co-creation of the Prayer Center of the Union of the Three Hearts

This is an invitation to co-create together, in union and collaboration, the **prayer center of the union of the three hearts**, Jesus, Mary, and Humanity, within the premises of the **Refuge of Divine Love**.

At the request of our Immaculate Mother Mary, the prayer center should be done as a collaborative undertaking. It is Her loving will that it be done with the help of many. Therefore, we have decided to create a collaborative space. Its purpose is that all those who feel called to do so through donations can participate, regardless of the amount, until the necessary funds are completed. We have already received the first donation of **USD 5,000 (five thousand US dollars)** so the new donations will be added to it.

The total cost of construction and start-up is USD 25,000 (Twenty-five thousand US dollars). In such a way that an additional USD 20,000 is needed.

The prayer center will have an octagonal shape and will be 540 ft² (50 m²) covered internally and another 270 ft² (25 m²) semi-covered. All built-in high-quality wood, respecting the harmony and integration with the current constructions and the natural environment in which the **Refuge of Divine Love** is located. Likewise, the oratory will be surrounded by a space dedicated to the Sustainable Garden, for the self-supply of the **Refuge of Divine Love**. Reference photos are sent below (please, see project area view).

Everything will be done exclusively for the greater Glory of God.

We thank you in advance for your attention and collaboration.
